Philosophy

In this first book-length study of positive law, James Bernard Murphy rewrites central chapters in the history of jurisprudence by uncovering a fundamental continuity within a tradition of jurisprudence marked by its fragmented character.

the philosophy of positive law: foundations of jurisprudence

Marxist literature and critical legal studies have, to date, established for the reader a coherent and lucid survey of the history of jurisprudence, including the ways in which various parts of the topic have been fragmented. However, the reader is left wanting for a coherent and lucid survey of the history of jurisprudence as a whole, and the reader is left wanting for a coherent and lucid survey of the history of jurisprudence as a whole.

The Great Debasement

"The Great Debasement" refers to the almost complete appropriation of art by the ideology of "cultural studies analysis.

keeping the paths clear
